2. Student should be able to identify:
 - a. A **border** on a map
 - b. A **map grid**
 - i. Answer: A map grid is a pattern of lines that form squares. Each square on a map grid has a letter and a number.
 - c. **Landforms:**
 - i. Mountains, plains, canyons, volcanos, islands and deserts
 - d. **Bodies of water:**
 - i. Lakes, rivers
3. There will be a map exercise. The children will have to follow simple directions. (Worksheet "Around Town" is helpful for this.)
4. **BONUS: Students will have the opportunity to earn extra points for each continent and ocean they can correctly identify.**
